with Distinction

Daniel Walter Scott, Course Creator & Founder

Adobe Certified Professional

Date of award: 17.07.2025 **Validate at:** www.bringyourownlaptop.com/cert/0gCWdZcq3u0MwiYeIkUDZ

ABOUT THE COURSE

This online course provided advanced skills in Adobe Illustrator. Topics covered included - productivity and workflow techniques, current design styles, anchor point and pen tool techniques, master techniques for drawing lines and strokes, vectorizing and coloring hand drawn sketches, depth and perspective, typography, charts and graphs, creating elements for InDesign documents, gradient meshes and working with color adjustments. These skills have been demonstrated through completed projects, knowledge quiz questions and a final creative distinction project.
