Date of award: 24.07.2025 **Validate at:** www.bringyourownlaptop.com/cert/8P706MZukCir5OUhqA0wK

ABOUT THE COURSE

This online course provided advanced skills in Adobe Photoshop CC. Topics covered included - best selection and masking techniques, advanced 'levels and curves' to enhance colors and skin tones, retouching images, fixing blurry images, creating perspective, using Artboards, typography techniques, creating cinemagraphs, the creation of mock-ups, current visual styles, and editing video. These skills have been demonstrated through completed projects.
