

# Final Distinction Project - Procreate Essentials

NATHAN BROWN

## Distinction Project Brief 🔥

You've completed your Book Cover illustration — now it's time to apply those skills in a new direction.

Design a polished Album Cover for a band of your choice. Create an original illustration that captures the mood, genre, and personality of the music. Your design should feel cohesive, intentional, and portfolio-ready.

Think about atmosphere, color, typography, and composition. This project should demonstrate your ability to bring concept, illustration, and type together into a single, compelling design.

### Project Requirements:

- Square format (minimum 3000 x 3000 px at 300 DPI)
- Include the band name and album title
- Use an original illustration created in Procreate
- Demonstrate intentional use of:
  - Layers (organized and named)
  - Blend modes or masks
  - A defined color palette
  - Texture, lighting, or effects where appropriate
- Show growth, refinement, or experimentation compared to your previous projects

### Deliverables:

- Export as high-resolution JPEG or PNG
- Upload to the Class Project/Assignments section of this website
- Share on social media and tag BYOL:
